

Do not reinstitute tolls on our highways. The State of Connecticut already has one of the highest gasoline taxes in the nation that were instituted to pay for the upkeep of our roads and bridges. The government needs to stop raiding the highway funds so that our roads can be maintained. Tolls are not the way to go. Tolls can cause a negative impact our economy in the Danbury area which in turn will also impact the state economy in the drop in sales taxes from our region.

Sincerely,
Martha Hopper
Danbury, CT
